3:30 - 5:00 (1.5 CEU hrs)

1. MCEP/CEU THERAPEUTIC CHALLENGES WITHIN THE
CME ANTISOCIAL FRAMING OF INCARCERATION AND
DEL MAR RACE
Gardner Fair, PhD, MFTi, Therapist, Jail
Psychiatric Services, San Francisco
This lecture will review counter-transference issues of
psychotherapists working in jail or prison as highlighted
by a videotaped interview with an antisocial white
supremacist on death row.

2. MCEP/CEU INMATE SUICIDES IN THE CALIFORNIA DEPARTMENT
CME OF CORRECTIONS: A FIVE YEAR REPORT
Salon B **Stephen Clavere, PhD**, Senior Psychologist,
Mental Health Services, California Department
of Corrections
 - Helen Steenman, Ph.D., Senior Psychologist,
Mental Health Unit, CDC

A five year report of statistics on adult suicides compiled
by the California Department of Corrections has recently
been completed. This lecture will present some
interesting trends that have developed regarding adult
males incarcerated in California's prison system.

3. MCEP/CEU A COLLABORATIVE APPROACH TO TRANSITIONING
CME SEVERELY MENTALLY ILL, HIGH-RISK OFFENDERS TO
Salon A THE COMMUNITY
Thomas Saltrup, PhD, Dangerous Mentally Ill
Program Manager, Washington State
Department of Corrections
 - Declan Wynne, MA, Director of Integrated
Services, Seattle Mental Health

The DMIO program was implemented in 2000 to: 1)
address the early identification of severely mentally ill
offenders in prison who present a high risk to public
safety and/or themselves and 2) ensure that necessary
treatment services were established to address their
needs prior to and following their release from prison.
This presentation will provide a detailed overview of this
program as well the process of identifying and selecting
DMIO's; profile and characteristics of DMIO's, types of pre-
and post-release services, treatment and supervision of
the DMIO's.

CEU/CME/STC THE DIFFICULTIES INHERENT IN HOUSING AND
Salons D, E, F, G TREATING MENTALLY ILL OFFENDERS IN PRISON
Jeanne Woodford, Director of the California
Department of Corrections

The State of California houses more than 162,000 inmates
on average each year, and of that population, upwards of
between 15 and 20 percent of them suffer from some form
of mental illness. Mentally ill inmates are identified and
classified as participants in the Correctional Clinical Case
Management System (CCCMS) at varying levels of care.

BREAK-OUT WORKSHOPS

8:30 - 10:00 a.m. (1.5 CEU hrs.)

1. MCEP/CEU CME Salon B MEDICATION MANAGEMENT OF SEXUAL OFFENDERS
Douglas Tucker, MD, Associate Clinical Professor, School of Medicine, UCSF

This presentation reviews medications currently available for treating sex offenders. Medication dosages, side effects, costs, efficacy, clinical indications and contraindications, and other practical issues will be reviewed.
2. MCEP/CEU CME Salon E THE CRIMINAL JUSTICE/MENTAL HEALTH CONSENSUS: CAN IT WORK FOR YOU?
Deborah Lucas, RN, MSN, Nursing Supervisor/Mental Health Liaison, San Bernadino Sheriff's Department
 - George Thompson, JD, Assistant Public Defender, San Bernadino County Office of the Public Defender

The Criminal Justice Mental Health Consensus Project was a nationally undertaken project whose goal was to bring together law enforcement, justice, and mental health departments throughout the United States and to develop common "policy statements" regarding the care of the mentally ill offender from arrest through incarceration or diversion, and after release. This presentation will review one county's successful and award winning interdepartmental review of the policy statements.

3. MCEP/CEU CME SALON E HIV, HEPATITIS, AND AMPHETAMINES: THE NEW CHALLENGES IN TREATMENT AND HIGH RISK BEHAVIOR FOR HEALTH PROMOTION IN THE COMMUNITY AND FORENSIC SETTING
Mitch Marquez, LCSW, Program Director, New Leaf Services, San Francisco
 - Joyce Sutton, MD, Department of Mental Health, Psychiatric Program at Vacaville

This workshop will present new issues in HIV prevention, especially in the presence of co-factors such as hepatitis and amphetamine use. Profiles of the affected population, the biological aspects of amphetamines, models of treatment to assist in intervention, and the latest medical information and complexities of hepatitis will be discussed.

4. MCEP/CEU CME SALON B RISK ASSESSMENT OF SEX OFFENDERS AND SEXUAL PREDATORS: CHALLENGES IN ASSESSMENT AND COURT TESTIMONY
Hy Malinek, PsyD, Psychologist, Private Practice

Risk assessment of sex offenders has become one of the most complex and litigious applications of forensic psychology. This presentation will review approaches for assessing risk, discuss some of the actuarial tools often used in assessing recidivism, summarize new research on static and dynamic risk factors, and report on courtroom and testimony challenges.

5. MCEP/CEU CME Salon C THERE IS A RIGHT TO REFUSE MEDICATION IN FORENSIC COMMITMENTS: WHAT DO WE DO NOW?
David Meyer, JD, Clinical Professor/Research Scholar, Institute of Psychiatry, Law and the Behavioral Sciences, USC Keck School of Medicine

This presentation will be a review of the recent Sell vs. United States decision of the US Supreme Court, the In Re Qawi decision of the California Supreme Court, the new provisions of Penal Code section 1370 related to medication refusal and involuntary medication and the available procedures for medication of prisoners and inmates.

12:00 - 1:30 p.m. (1 CEU hr.)

LUNCHEON SPEAKER (ticket required)

CEU/CME
SALON D
THE IMPORTANCE OF OPEN ACCESS IN TREATING PATIENTS WITH MENTAL ILLNESS
Anthony Cozzolino, MD, Chief, C.O.R.E. (Crisis Outpatient Referral and Evaluation)
This presentation will be an overview of issues of open access to medication, the clinical implications across disease states including bipolar, schizophrenia, depression, and ADHD. Alternatives to restricting access will also be discussed.

Sponsored by Eli Lilly & Co.

1:45 - 3:15 p.m. (1.5 CEU hrs)

1. MCEP/CEU
CME
SALON A
IMPROVING TREATMENT OUTCOMES WITH SEX OFFENDERS AND DOMESTIC VIOLENCE PERPETRATORS THROUGH A TRAUMA-BASED FRAMEWORK
Jay Adams, PhD, Retired Psychologist, California Department of Corrections
Recent research indicates that cognitive-behavioral treatment has had limited success with sex offenders and batterers. This presentation will offer possible explanations for these findings and suggest additional approaches, drawn from attachment theory and trauma research, which may help to increase treatment efficacy with these two groups of forensic clients.

2. MCEP/CEU
CME/STC
Del Mar
COPING WITH STRESS IN LAW ENFORCEMENT ENVIRONMENTS
Jana Price-Sharps, EdD, Assistant Professor, Alliant International University
• **Robert Nevarez, BS**, Deputy Chief, Fresno Police Department
Law enforcement has been rated as one of the most stressful occupations in the country. Psychologists and other mental health professionals who work with law enforcement personnel face unique challenges. This workshop was designed to provide specific information on how to work with this population more successfully both from a clinical and a law enforcement perspective.

3. MCEP/CEU
CME/STC
Del Mar
A TEAM APPROACH TO TREATING MENTALLY ILL INMATES
Judith Herman, PhD, Psychologist, Deuel Vocational Institute, Tracy, CA

This presentation will address the ways in which custody, nursing and mental health professionals can all work together to provide superior mental health treatment for inmates. It will seek to improve communication among the treatment team, improving the service to inmates and increasing the safety of the institution.

4. MCEP/CEU
CME
Salon C
FIVE SIMPLE WAYS TO CULTIVATE EMPATHY IN VIOLENT OFFENDERS
Deirdre D'Orazio, PhD, Psychologist, Atascadero State Hospital

Despite definitional disagreement, poor empathy assessment instruments, equivocal research results, and the unique challenges of working with violent individuals, the best way to abate and prevent violence is through the experience of empathy. This presentation will illustrate, with empirical and theoretical rationale, five pragmatic clinical strategies that can be applied in a variety of treatment settings.

5. CEU/CME
SALON A
ELECTRONIC TECHNOLOGY: HOW DOES IT WORK AND IS IT APPLICABLE TO FORENSIC MENTAL HEALTH?
Linda Connelly, President/CEO, LCA

This course will describe various types of electronic technology used to supervise and hold the offender, or other populations, accountable while they are in the community.

10:00 a.m. BREAK

10:15 - 11:45 a.m. (1.5 CEU hrs)

1. MCEP/CEU ATTENTION AND ATTENTION DEFECIT
CME/STC HYPERACTIVE DISORDER IN FORENSIC CONTEXTS
SALON E **Matthew Sharps, PhD**, Professor, California State University, Department of Psychology

Modern cognitive psychological approaches to attention have shown that the anomalies which occur with ADHD are not confined to the diagnosed population, but are in fact more widely distributed through the general population. These factors assume special significance in particular forensic contexts, including substance abuse, eyewitness memory, and police performance under hazardous conditions. This course provides the evidence for these perspectives and the implications of this evidence for evaluation and treatment.

2. MCEP/CEU DEPARTMENT OF VETERAN'S AFFAIRS:
CME RETURNING EX-OFFENDER VETERANS TO
DEL MAR PRODUCTIVE COMMUNITY PARTICIPATION
Ralph Zaccheo, MS, MBA, Administrative Officer, Psychosocial Rehabilitation, Department of Veteran's Affairs, Massachusetts
- Frank Dawson, Retired Consumer Advocate/Liaison Officer, Psychosocial Rehabilitation, DVA, MA
 - Anthony Campinell, PhD, Associate Chief Consultant, Psychosocial Rehabilitation, DVA, MA
 - Allen Taylor, Program Specialist, Homeless Veteran's Program Office, DVA, MA

Department of Veteran's Affairs is an active partner in governmental and community-based outreach and service delivery to veterans in conflict with the law. This panel will highlight community collaborative efforts and detail VA services available. The VA's Healthcare for Homeless Veterans and the Psychosocial Rehabilitation Programs will be presented in detail as well as an overview of VHA's Mental Health Outreach Programs in California and across the country.

3. MCEP/CEU CONDITIONAL RELEASE OF SEXUALLY VIOLENT
CME PREDATORS
Salon B **Richard DaBell, PhD**, Psychologist, California Department of Mental Health
- Ken Carabello, LCSW, Executive Director, Conditional Release Program, Liberty Healthcare

Individuals committed under WIC 6604, the Sexually Violent Predator Act, are graduating from inpatient treatment and being court ordered into the community. This presentation updates the challenges this presents by discussing the experience of placing SVP's conditionally released into the community.

4. MCEP/CEU THE PSYCHOLOGICAL AUTOPSY IN DEATH SCENE
CME INVESTIGATION
Salon C **John Chamberlain, MD**, Assistant Director, Program in Psychiatry and the Law, UCSF Department of Psychiatry

This lecture will focus on the utility of the "psychological autopsy" to assist investigators in determining the cause and manner of death in suspicious cases.

5. MCEP/CEU MISDEMEANOR COMPETENCY RESTORATION: THE
CME L.A. EXPERIENCE
Salon A **Alisa Dunn, LCSW**, Mental Health Clinical Program Head, L.A. County Department of Mental Health Court Program
- Sabrina DiBiagio, PsyD, Psychologist, L.A. County Department of Mental Health Court Program
 - Leticia Guzman, RN, Mental Health Counselor, L.A. County Department of Mental Health Court Program
 - Gina Scanlon, LCSW, L.A. County Department of Mental Health Court Program

This presentation will describe LA County Department of Mental Health's Competency Restoration Program, which was developed to expedite stabilization of misdemeanor defendants found incompetent to stand trial under penal code 1370.01.
