

Shaw Psychological Services, PC

Clinical & Forensic Psychology-PSY 27516
Morgan@drmorganshaw.com * (858) 848-6722

Position: Shaw Psychological Services is seeking pre- and post-doctorate psychological associates for a forensic private practice located in San Diego, California. The position(s) can be part- or full-time with the opportunity for benefits. Supervised professional experience (SPE) toward licensure is offered.

Description: Associates are responsible for supporting on a wide variety of forensic cases within the criminal, civil, and juvenile court systems. Associates will receive extensive training and direct experience conducting forensic psychological and neuropsychological evaluations on both youth and adults, including administration, scoring, and interpreting of a wide variety of assessment measures. Associates will also actively participate in writing integrated reports that address a wide variety of court related issues, as well as conducting interviews and reviewing relevant records.

Associates also have the opportunity to provide trauma-focused individual therapy to a range of clientele within a private practice setting. Training in various trauma-focused modalities and supervision is provided.

Qualifications: Qualified applicants should hold a master's or doctorate degree in clinical psychology and will be pursuing licensure. Applicants should have a strong interest in the field of forensic psychology and psychological assessment, as well as a strong background in test construction, psychological assessment, and report writing. Strong writing skills and strong attention to detail is a must. Rate of compensation will be dependent on experience. Full time positions will be benefits eligible.

To apply, please send a cover letter, CV, and writing sample to Dr. Morgan Shaw at Morgan@drmorganshaw.com. References will also be requested following an interview.
